Aerial Work Platforms

Aerial working platforms tires are used on different kinds of aerial work platforms. Such as scissor lift, boom lift platforms, vertical lift platforms, articulating lift platforms. People always work in the high place on the lift. the quality of the wheels is always close related to the safety of the workers. WonRay always keep the quality stable as the most important control during our productions. All necessary test check during production will be done strictly. Nearly all tires for Aerial work platforms will be non marking tires. Choose WonRay solid non marking tires for the aerial working platforms no need to worry about the quality.

Brand

WonRay® and WRST® are two brands registered by Yantai WonRay Rubber Tyre CO.,LTD.
